TECHNICAL SKILLS

Languages: C, C++, Javascript, HTML, CSS,
Frameworks/Libraries: React.js, Node.js, Express.js, Tailwind CSS
Database: MongoDB , MySQL(Basic)
Tools: GitHub, VS Code, Postman
Core Fundamentals: Data Structures and Algorithms, DBMS, OOPs
Core Strengths: Problem-solving, Communication, Team Collaboration

EDUCATION

IPS ACADEMY , Indore MP <i>Bachelor of Technology in Computer Science and Information Technology</i>	CGPA:8.67 <i>Aug. 2022 – JUNE 2026</i>
The New Era Public School, Indore MP <i>Class 12th</i>	Percentage:72 <i>June. 2021 – March 2022</i>
Sandipani Vidya Vihar, Indore MP <i>Class 10th</i>	Percentage:88 <i>June. 2019 – July 2020</i>

PROJECTS

AI-Powered Interview Preparation Platform

React.js, Node.js Express, MongoDB, Gemini API, React SpeechRecognition API

- Built an AI-based mock interview platform that provides real-time feedback.
- Added speech recognition and text-to-speech features for interactive interview experiences.
- Designed basic database structure to store interview data and user progress.
- Implemented user login using JWT and created secure API endpoints.
- Contributed to the frontend using React and Tailwind to help build a smooth and engaging UI.

EasyRide-Vehicle Rental Website

HTML, Tailwind CSS, Javascript, Node.js Express, REST APIs, MongoDB

- Developed a full-stack vehicle rental platform connecting vehicle owners and renters for secure short-term vehicle rentals.
- For Vehicle Owners: Easy vehicle listing, rental management.
- For Renters: Search and filter options with real-time availability.
- Admin Dashboard: For user management, manual identity/Document verification for security.
- Collaborated with frontend teammates (HTML/Tailwind CSS/JS) to deliver a responsive and user-friendly interface.

Restaurant Management System — Frontend Web Development

- Built a responsive frontend application for restaurant operations including menu browsing and order management.
- Focused on clean UI design, usability, and responsive layouts using modern CSS practices.

CERTIFICATES / ACHIEVEMENTS

- **Winner - UDAAN 2025:** Secured 1st place in college-level innovation competition among 30+ teams.
- **Winner - UDAAN 2026:** Secured 2nd place in college-level innovation competition among 25 teams.
- **Participant-InnoNova Hackathon 2025:** Built a functional prototype within 24 hours.
